SUMMER 2009

DIVERSIFIED
REFRIGERATION
ENERGY

TAX CREDIT for Energy
Efficient Comfort Solutions

Customers can claim up to a maximum of \$1,500 in tax credits for all energy efficient improvements.

For Mitsubishi Electric HVAC split heat-pump systems, this means 30 percent of the cost of heat pump installation including equipment, materials and labor. The tax credit was effective February 17, 2009 after President Obama signed the new American Recovery and Reinvestment Act (also known as the Stimulus Bill).

**Global Warming
Petition Project**

*31,478 American scientists
have signed this petition,
including 9,029 with PhDs.*

www.petitionproject.org

Petition

We urge the United States government to reject the global warming agreement that was written in Kyoto, Japan in December, 1997, and any other similar proposals. The proposed limits on greenhouse gases would harm the environment, hinder the advance of science and technology, and damage the health and welfare of mankind.

There is no convincing scientific evidence that human release of carbon dioxide, methane, or other greenhouse gases is causing or will, in the foreseeable future, cause catastrophic heating of the Earth's atmosphere and disruption of the Earth's climate. Moreover, there is substantial scientific evidence that increases in atmospheric carbon dioxide produce many beneficial effects upon the natural plant and animal environments of the Earth.

MATT'S

By Matt Harman

Harry Kalas - 1936-2009. Photo courtesy of www.whyy.org

**"It's a long, fly ball and.....
it's outtttaa here."
So long Harry.**

On April 13th, a man I never met, a man who never knew I existed, died. To some, this may not seem like a very heart-breaking situation, but it is.

The man is Harry Kalas, and although he didn't know me, like most Phillie Phans, I always felt like I knew him. Harry was as much a staple to Phillies baseball as Mike Schmidt, Steve Carlton, Chase Utley and Ryan Howard. Watching or listening to a game will never be the same. I don't think I will ever be able to see a homerun without hearing his voice as I remember it "..... that ball is outtttaa here."

Goodbye Harry. You will be missed!

TAX CREDIT for Energy Efficient Comfort Solutions

(continued from page 1)

To Qualify

HVAC systems must be installed after February 17, 2009 through the end of 2010. Split-system heat pumps chosen for installation must achieve the highest CEE Tier Level of energy efficiency; specifications shown in the table below.

CEE Level: Tier 2

SEER: 15 or higher

EER: 12.5 or higher

HSPF: 8.5 or higher

Model	BTU/h Cooling	SER	EER	BTU/h Heating	HSPF
MSZ/MUZFD09NA	9,000	25	13.8	10,900	10
MSZ/MUZFD12NA	12,000	22	12.5	13,600	10.55

Example of Savings

If a customer purchases the MSZ/MUZFD12NA split system for \$3,530, which includes equipment, materials, electrical and labor installation costs, then:

Sample Estimation

MSZ/MUZ-FD12NA = \$2,180
 (List Price)* + Materials and Labor** = \$1,350
 Total installed price: \$3,530
 \$3,530 x 0.30 = \$1,059 in tax credits!
 \$441 still available to be applied to other improvements

• Equipment costs may vary from list price.

**Depends on local codes and requirements and are an estimate for example purposes.

Free Membership Offered

As America's oldest civil rights organization, the National Rifle Association's (NRA's) mission is to preserve and defend the U.S. Constitution, especially the inalienable right to keep and bear arms guaranteed by the Second Amendment (www.nra.org).

Gary will pay the \$35 membership fee for a one-year membership for anyone who wishes to join the NRA. If you are interested, please contact Gary in the office by calling (215) 249-0445 or email him at gary@divref.com.

KUDO'S

By Sue Hess

I'd like to give a pat on the back to the employees at Diversified Refrigeration. There are a great group of guys working here and some have notable anniversaries coming up.

Matt will celebrate 13 years and Frank will hit the 11-year mark in July. Our salesman, Bill, recently celebrated his 6 year anniversary. Mark, Doug and Dwayne have all been here three years and Al and Kerry each have celebrated their 2-year anniversary.

Our Mission Statement: Our goal at DRI is to provide the highest standard of service, coupled with a genuine sense of concern, resulting in the personal and the professional satisfaction, strived for throughout life, for all parties.

It's a pleasure working with a dedicated and loyal group of guys.
